

Range: I19-089 Kompan Modular

Sliding develops spatial awareness and sense of balance. Furthermore, the core muscles are trained when sitting upright going down.

Transparent panels allows interaction and communication with others on the ground

The playful colors invite children to play.

Nature illustrations - Support dramatic play, stimulating language development

The 3D net structures challenge the children's cross-coordination skills as well as their physical strength

All images used are for illustrative purposes only
