

Range: I19-022 Kompan Modular

Come in many different themes and can be thematised to your brand.

Caregivers and adults can interact with the children through the transparent design, providing an extra sense of security.

The playful colors invite children to play.

Climbing towers challenge the children's cross-coordination skills as well as their physical strength.

Sliding develops spatial awareness and sense of balance. Furthermore, the core muscles are trained when sitting upright going down.
